

Impact Biometrics is coming to Liberton High School

Biometrics and Security

Students, parents and staff can rest assured that the fingerprint images cannot be used by any other source for identification purposes. The system uses an image of the finger to create a mathematical algorithm and then discards the finger image; only the numbers remain and these cannot be reinterpreted back into a finger image.

The future is in your
hands!

Frequently Asked Questions

Why do you need to take my child's finger image?

By taking an image of your child's finger we can turn this information into a digital signature.

Can finger images be used by any other agency?

No, the software we use turns your child's finger image into a mathematical algorithm. The image of the finger is then discarded. The information that is stored cannot be used to recreate an image of the child's finger.

What happens when my child leaves the School?

When a student leaves school their digital signature will be deleted.

How does it work?

When the child places his/her finger on the scanner, the software matches their finger image with the unique digital signature held in the database.

Impact Biometrics Opt-Out

As your child is over the age of 12, consent to opt into this system has been sought directly from them. If you have any concerns, or IF YOU DO ***NOT*** WANT YOUR CHILD TO BE INCLUDED IN THE IMPACT BIOMETRIC REGISTRATION PROCESS, PLEASE CONTACT THE SCHOOL OFFICE ON admin@liberton.edin.sch.uk or 0131 664 7514
BY NOON ON Friday 3 November 2017.
